What the superior man seeks is in himself; what the small man seeks is in others.

. ~ Confucius

The elevator to success is out of order. You'll have to use the stairs. One step at a time.

Joe Girard

Be very strong & be very methodical in your life if you want to be a champion.

~ Alberto Juantorena

■ A wise man is not governed by others, nor does he try to govern them; he prefers that reason alone prevail. ~ *Jean de la Bruyere*

■ There is no pillow so soft as a clear conscience. ~ *French Proverb*

I'd rather attempt to do something

GREAT

&

fail than to attempt to do nothing and

SUCCEED

Robert H. Schuller

Mechanical screen stretching machine

Application:

This series suitable for stretching various size screen, and can stretch several small size screen simultaneously.

Specification:

Improved type aluminum clamps with quality rubber, artistic and lasting

Tension Error margin is 0.6N/cm²

Mesh stretching size can be arbitrary adjusted

Quality is dependable and design is handsome

Each part has its special features; the frame is light and firm

Strong clamping force is the main reason to decide the quality of net stretching and our product is right beyond all other products at this point.

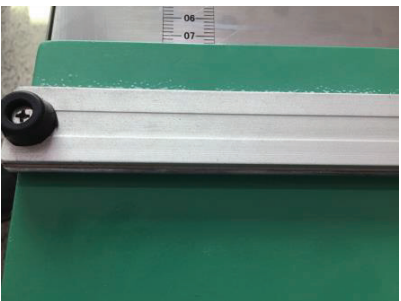

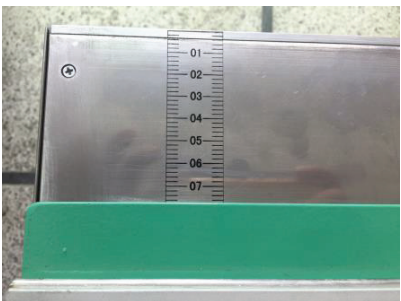

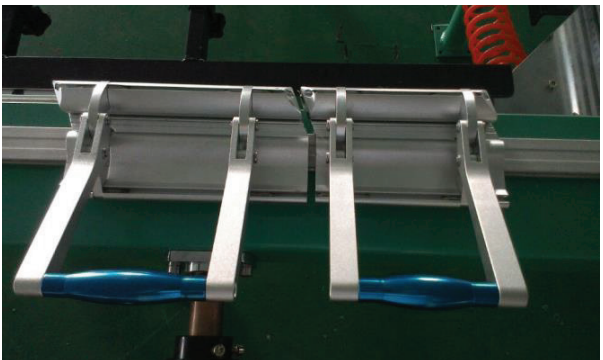

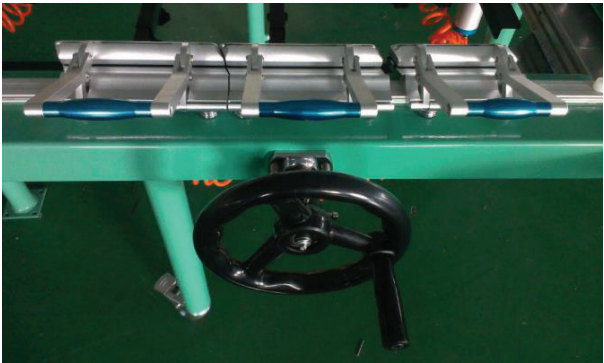

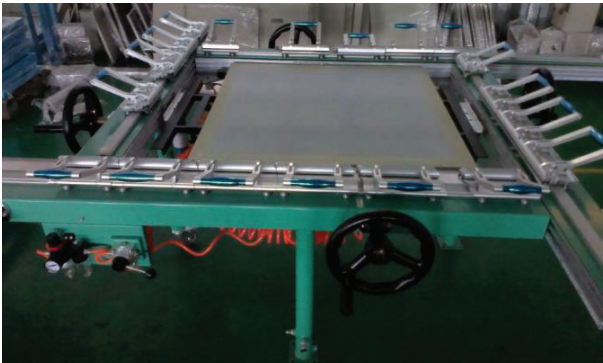

Parameter:

Model	TMS-1618	TMS-1818
Out size	1600mm×1800mm	1800×1800mm
Max frame size (OD)	1250×1500mm	1500×1500mm
Min frame size (OD)	400×500mm	500×500mm
Working pressure	0.4~0.7Mpa	0.4~0.7Mpa
Max tension	40N	40N

★ Special specification can be made for customized size.

Detail photos:

Screen drying cabinet

Application scope:

This series suitable for drying after emulsion coating and washing in screen plate making.

Specification:

- PID temperature control system and time relay keep consistent temperature distribution
- Compact construction method creating ideal handling conditions
- Horizontal drying of wet or coated screens with hot air circulation
- 5 drawers smoothly running in ball-bearing slides, with end stop
- Several screen frames can be placed next to each other into the drawers.

Parameters:

Model	DFL-1113
Exterior size	1300×1500mm
Maximum frame size	1100×1300mm
Partition quantity	5EA
Max. Temp.	50°C
Power	220V*1P*3KW

★ Customized frame size can be made by requirement.

Detail photos:

Screen printing exposure machine

Application scope:

This series suitable for high precision screen plate exposure.

Specification:

1. Embossing aluminum to make sure light even distribution
2. Equipped with vacuum pressure regulating valve, easy to operation
3. Radiation sensor to ensure accurate operation
4. Screen vacuum, exposure, extraction, exhaust one time through membrane switch setting
5. Best angle glisten cover ensure the illumination intensity equality
6. Exposure chamber is equipped with the metal-halide UV lamp
7. Exposure chamber is 950mm distance from the light source
8. Equipped with Taiwan oil-free vacuum pump for low maintenance cost.

Parameters:

Model	EL-1010
Exterior size	1100 X 1300mm
Effective exposure size	1100 X 1300mm
Vacuum pump	1.5L
Exposure way	Quick start
Cooling way	Forced-air cooling
U. V Lamps	Metal halide 3kW Korea lamp
Power	380V X 3p X 3.5kW
Dimension(W X D X H)	1100 X 1300 X 1090mm
★ Special specification is made to order	

Detail photos:

Manual screen washout booth with back light and high pressure water pump

Application:

This series suitable for screen emulsion washing and developing.

Specification:

1. 304 stainless steel make the machine anti dust and anti corrosion
2. Back light system provides enough light to check whether the washout effect is good on the screen
3. High pressure water pump and spray gun is matched with this machine
4. Easy to move and operation

Parameter:

Model	WM-1212
Max frame size	1200 X 1200mm
Water pump	1 Hp High Pressure
Power	220V X 1p X 1kW
Dimension(W X D X H)	1603 X 640 X 1787mm

★ Special specification can be made for requirement
