

ECOMIN RED HF

Stable aqueous dispersion of red pigment with high fastness performance and color yield.

Physical Appearance
Red Liquid

pH
7.0-8.0

Color Change
 $\Delta E < 1\%$

Solubility
Soluble in water

Odor
Odorless

Storage
12 months, 25-35 °C.

Health & Safety
SDS available upon request.

Fastness Properties:

Fastness (at 3%)	Value
Lightfastness (ISO 105-B02)	8
Washing Fastness (ISO 105-C06)	5
Rubbing Fastness (ISO 105-X12)	Dry: 5, Wet: 4
Heat Stability (ISO 105-P01)	5
Dry Cleaning (ISO 105-D01)	5
PVC Coating (ISO 105-X10)	5
Discharge (80g/ kg Decroline)	5

Features:

- **ECOMIN RED HF** is a very fine dispersion.
- **ECOMIN RED HF** is a bright and clear pigment
- **ECOMIN RED HF** has excellent fastness to light and washing as compared to traditional pigments.

Application:

- **ECOMIN RED HF** can be used in all water-based pastes, where high fastness performance is required.
- When used above 5% in printing pastes, adding 2-5% **ECOFIX PF** is recommended.
