

# ECOPURE GOLD

**Phthalate & PVC free printing paste used to achieve an elastic, soft touching and golden effect in textile printing.**

## Chemical Nature

Phthalate & PVC Free,  
Oil Base

## Ionic Nature

Non-Ionic

## pH

$\approx 7 \pm 0.5$

## Physical Appearance

Gold Paste

## Fabric Type

Cotton, PES, CO/PES  
blend fabric

## Squeegee

**Shore:** Medium 65

## Mesh

**Count:** 43-120 T

## Health & Safety

SDS available upon  
request

## Product Feature

- Provides a clear golden print.
- It is ready to use paste and does not require any preparation before printing.
- Provides a very good wash fastness, maintaining print quality even after multiple washes and wears.
- Ensures strong bonding with the fabric, preventing peeling or cracking.
- Provides an even and consistent print surface for professional results.
- Exhibits superior elasticity, ensuring flexibility and durability in printed textiles.

## Application

- Before use, please stir this product well. Do not use any additives that are not advised.
- If necessary, to reduce viscosity adding 1-3% **Ecopure Thinner** is recommended.
- Once printed, crosslink at 150° -160 °C (3-2 Min).
- After use, the screen should be cleaned with the **Ecopure Thinner**.
- Allow 24 hrs. after heat curing before evaluation of the final prints.

## Storage

- Stable for 12 months, whenever kept in the original containers at 25-35 °C
