

ECOSILC THINNER

Main Description:

Thinner for silicone.

Technical Specification:

Appearance at 20-25°C

Transparent Liquid

Properties:

- High elongation
- Excellent wash durability
- Fast cure
- Cures at low temperatures

Application:

It can be used for screen printing to make the silicone ink more liquid.

Usage:

Mix with Ecosilc Series, the ratio depends upon printing requirements. We suggest adding within 20%.

Storage:

The product is stable for 12 months, when kept in the original containers, well-closed, and protected from weather inclemencies at a maximum temperature of 35 °C.
