Anionic

Viscosity
45000-50000 m-Pas
(NDJ-5S), Sp L4 at
12rpm at 20-25°C

pH
8-9

Physical Appearance
Clear Transparent Paste

Fabric Type
Denim Fabric

Squeegee
Shore: 65-75

Mesh
Count: 43-62 T

Health & Safety
SDS available upon
request

Product Feature

- It is ready-to-use clear base for pigmentation.
- It has very bright finishing and very good handle.
- It has high fastness to aqueous washing, dry washing and rubbing.
- It has excellent covering power.
- It does not get any tint during washing.
- It is suitable to the environmental standards.

Application

- For the best result, please print at moisture condition of 50-80% and note the impact of temperature to operability.
- To improve wash fastness, adding 2-3% **ECOFIX DM-33** is recommended.
- It can be colored with 30-50 g/kg of **ECOMIN** pigment range.
- Once printed, crosslink at 150° -160 °C (3-2 Min).

Storage

- Stable for 12 months, whenever kept in the original containers at 25-35 °C.
