request

Product Feature

- ECOPRINT SUPER SOFT WHITE EL features excellent covering power and high elasticity, making it ideal for use on elastic and stretchable fabrics without cracking or peeling.
- It maintains a super soft hand feel, ensuring comfort and wearability without compromising the print quality.
- It has high fastness to aqueous washing.
- It has been formulated with environmentally friendly ingredients, making it a sustainable choice.
- It is safe for use in various textile applications, including those that come into contact with skin.

Application

- It is developed for positional and T-shirt printing.
- For the best result, please print at a moisture condition of 50-80% and note the impact of temperature on operability.
- Make sure the fabric is not the sublimed fabric. If yes, use anti-sublimation base ink first.
- Once printed, crosslink at 150° -160 °C (3-2 Min).

Storage

- Stable for 12 months, whenever kept in the original containers at 25-35 °C.
